Experience Baytown

The Baytown Tourism Office has created an official GeoTour for Baytown, TX. Come discover how Family, History and Nature Come Together! A total of 28 geocaches and several bonus geocaches have been hidden in special places throughout Baytown. Use your geocaching app or GPS and let it guide you on an adventure through our City!   Once you complete our GeoTour please check out the many other geocaches hidden in the Baytown area by other geocachers!

Explore Geocaching

Geocaching is a worldwide game using GPS technology to create an ultimate game of hide and seek. Geocaches are hidden in containers, which are then found using GPS coordinates using your phone or GPS device. Download the app from www.geocaching.com on your smartphone to get started! Geocache coordinates will lead you to the approximate location of a geocache and then you must use clues to find it! Once you find the geocache, sign and date the log within it, and record the code found on or in the geocache on your passport (not all geocaches on our GeoTour will contain a code, so please check the geocache section for more information). When you have found all of the required geocaches, signed and logged each find, and copied down the corresponding letter for the word puzzle (and solved it) don't forget to turn in your passport for a special GeoCoin! New to geocaching? Check out their official introductory video at www.geocaching.com.

The Points & Rewards

There are 31 different geocaches on the Family, History and Nature Together GeoTour (28 regular geocaches and 3 bonus geocaches) and 3 levels of prizes that you can obtain. In order to receive the Level 3 prize of a trackable geocoin, a geocacher must find a minimum 22 out of the 31 available geocaches, unscramble the mystery phrase, and obtain an additional 8 points either through hotel stays, meals, retail, or finding additional geocaches.

The Levels
• Level 1 = Get 10 points with a 6 geocache minimum and receive a Baytown Tourism yowie.

• Level 2 = Get 16 points with a 12 geocache minimum and receive a yowie, a pen/flashlight.

• Level 3 = Get 28 points (this must include 22 geocaches that contain a code letter and a completed unscramble) to get a geocoin. This is the ultimate goal of the GeoTour. Be sure to log your geocache find on site in the paper log, in the Geocaching app and mark the geocaches found on your passport in order to receive the geocoin.

Other ways to get points!
• Meals from a dining establishment in the City of Baytown equals 2 points per entree (dine-in locations only). Geocachers must submit a receipt or copy of the receipt to earn dining points. Dining Guides are available at the Buc-ee's kiosk or online at www.VisitBaytown.com.

• An overnight stay is 4 points. Geocachers must submit a receipt or copy of the receipt to earn hotel points. Visit our website at www.VisitBaytown.com for a full list of hotels.

• Earn 2 retail points for every $25.00 spent at any retail location within the Baytown City limits. Geocachers must submit a receipt or copy of the receipt to earn retail points.

Record the letter found in each corresponding geocache in the boxes above. Geocaches with no codes are labeled 'space' or 'no code'. Please place a check mark in the boxes with 'no code' and 'space' to let us know if you found it. Also, please make note of the date you logged the geocache in each box, this will help us verify your geocache finds when you turn in your completed passport.
