

Baytown Birding Challenge

2024 Birding Challenge

The 2024 Baytown Birding Challenge runs from January 1, 2024 - December 31, 2024 and is open to birders of all skill levels from around the world.

Find any 50 bird species in Baytown to complete the Challenge. Some species are common and found in many places, while others are rare and may be limited to a specific habitat or part of Baytown.

Birding Challenge Steps/Rules

- 1) Pick up your Birding Challenge entry form or print a form from the www.VisitBaytown.com website.
- 2) For each bird species you find, complete the information on the entry form.
- 3) At least one of your birding locations must be at the Baytown Nature Center (BNC). Participants must submit their BNC entrance receipt or a picture of the receipt with their Birding Challenge entry form. Those who obtain a BNC year pass may submit a photo of their pass in lieu of an entry receipt.
- 4) Send the completed form to the Baytown Tourism Division at (Tourism Division, Baytown City Hall, 311 W. Texas Ave, Baytown, TX 77520) or email your photocopied form to tourism@baytown.org. Completed forms must be postmarked or emailed by January 6, 2025. Forms may also be submitted in person to the Brunson Visitor Information Center during normal business hours. All Challenge completers will receive a 2024 Birding Challenge medallion.

Additional Information

- 1) The Challenge is open to all ages and all countries.
- 2) Only one entry will be accepted per individual. If a participant finds more than 50 species, those species can be documented on additional entry forms, but all forms must be submitted at the same time and clearly marked with the participant's name and information.

3) Please be thorough in filling out forms and write legibly. Illegible entries will not be counted.

4) Any information that is filled out on the entry form questionnaire helps in maintaining the Birding Challenge program and future challenges. Please help us by answering the questionnaire fully.

5) Most importantly, follow the rules set out in the American Birding Association's Code of Birding Ethics, which can be found at <http://listing.aba.org/ethics/>. Destruction of bird/natural habitats or stress to the wildlife in Baytown will result in the disqualification of Birding Challenge forms for the current and all future challenges.

Check out these Baytown birding locations

Baytown Nature Center
6213 Bayway Drive

Eddie V. Gray Wetlands
Education Center
1724 Market Street
